

## Mrs. Bonifas, 84, Taken By Death

Mrs. Catherine Nolan Bonifas, widow of William Bonifas, who amassed a fortune in the Upper Peninsula lumber business, died at 1:40 o'clock this afternoon at her home, 750 Lake Shore Drive. She was 84 years old.

Mrs. Bonifas, with her husband, was widely known for her philanthropic, including the gift of St. Joseph's church, and the William Bonifas Memorial auditorium and gymnasium, to Escanaba, as well as gifts to religious and educational institutions totaling over a quarter of a million dollars in the last four years. She had been in failing health for some time but was seriously ill for only the past month.

She was born in Ireland, County Carlow, May 15, 1864, and came to this country to live in Garden as a young woman in May, 1888. Her marriage to Mr. Bonifas took place in 1894.

In 1909 she and Mr. Bonifas moved to Bonifas, Mich., where they lived until coming to Escanaba in 1919. He died in November of 1936.

Aside from her home and her church, Mrs. Bonifas was most deeply interested in the furtherance of religion and of education. The gift of St. Joseph's church and the adjoining auditorium and gymnasium, which was a joint gift of both Mr. and Mrs. Bonifas, was followed by the gift to the Escanaba school system of the Catherine Bonifas Technical School. More recent gifts included Holy Cross cemetery chapel in Escanaba, Marygrove convent and retreat house at Garden and St. Catherine's chapel at the Notre Dame university forestry school, Lond of Lakes, Wis.

She also contributed a building (Continued On Page 12)

## Senate Scraps Over Big Farm Benefits

Democrats Push Raise In Crop Payments

By MARVIN L. ARROWSMITH  
Washington, May 25 (AP)—The Senate headed today into a new scrap over soil conservation payments to farmers in the wake of a Democratic victory for bigger allotments.

Over Republican protests and with the decisive help of three GOP members who broke party ranks, the Democrats won approval late yesterday of a proposal to boost payments to \$300,000,000 for the 1949 crop year. The vote on the amendment by Senator Russell (D-Ga.) was 41 to 23.

The House voted only \$225,000,000 for that fund and the Republican-controlled Senate Appropriations Committee went along.

Soil conservation payments are made to farmers who cooperate generally in the Federal agriculture program.

The fund is a part of a bill to provide \$1,201,597,405 for operation of the many-sided farm program during the fiscal year starting July 1.

## Finnish Industries Tied Up By Walkout

Helsinki, Finland, May 25 (AP)—Heavy industries and all Finnish ports were shut down today in a spreading strike.

The walkouts started at the docks where Communists struck in protest against the dismissal of the Communist minister of interior, Yrjo Leino. Leino had been censured by vote of parliament.

The army gave no sign that it expects a Communist coup.

(Russian newspapers gave much space to the Finnish situation but did not comment.)

## Jews Clear Out Valley Of Jordan

BY JAMES M. LONG

Tel Aviv, Israel, May 25 (AP)—Haganah claimed today Jewish forces have thrown the Arabs out of the valley of the River Jordan. A communique issued by the fighting arm of Israel said: "The whole Jordan valley has been cleared of enemy forces."

(The communique did not make plain whether by "the whole Jordan valley" Haganah meant the entire length of the river from the Sea of Galilee to the Dead Sea, or merely that part of it in the north which was assigned to the Jews under the U. N. partition plan last November. Presumably, the latter was meant.)

Syrians Flee  
(Seizure of the whole length of the valley would cut the Arab communication line between Amman, Trans-Jordan, and the Arab Legion now fighting in Jerusalem. The Jordan is the boundary line between Trans-Jordan and Palestine.)

The communique said Israeli forces had recaptured the settlements of Sha'ar Hagolan and Masada, near the southern tip of Galilee, and said the whole of the Samakh area now is in Jewish hands.

(The Syrian army claimed the capture of Samakh, also at the south end of Galilee, a week ago today.)

A later communique said Jewish fighting units penetrated Kafr Hareb, on the Syrian border east of Ein Gev—a Jewish settlement on the east shore of Galilee—and destroyed it.

The communique said inhabitants of the Syrian village ran away and Syrian troops stationed there fled in six trucks. The trucks struck mines, the Jews reported, and blew up, killing all the Syrian soldiers.

## Loyalty Of Texas Democrats Divided

Taft Has GOP Support All Sewed Up

Dallas, Tex., May 25 (AP)—Texas Democrats today came to the forks of the road of party loyalty.

The state's Republicans, however, didn't face much of a loyalty problem. It had been settled for them in executive committee wrangling; Ohio Senator Robert Taft was Texas' man. The best supporters of New York Governor Tom Dewey and Minnesota's Harold Stassen hoped for a national convention delegate or two.

Meeting at Brownwood the 2,144 state Democratic convention delegates from 254 counties had to answer three questions:

1. Will we support President Truman without reservation.
2. Will we fight his civil right program and fight his renomination but promise to support him if he is nominated?
3. Will we wait and see what the national convention does?

The answers depend on what the state convention does about choosing 50 delegates to the national convention at Philadelphia, and what it does about naming 23 presidential electors.

Governor Beauford Jester wants Texas delegates to go to the Philadelphia convention uninstructed.

## Soviet Vetoes Nip U. N. Investigation Of Czech Squeeze

Lake Success, May 25 (AP)—Two more Soviet vetoes have quashed United Nations plans for investigating last February's Communist coup in Czechoslovakia.

The United States followed up Russia's 24th and 25th vetoes by calling on the security council to find some new means of telling the world about the Communist grab.

But power and what part, if any, Russia played in it. Warren R. Austin said the United States was prepared to gather evidence independently and read it into the council records. He urged other nations to follow suit.

Many delegates, however, think the case is all washed up.

## Robber Robins Shot But It Cost \$45

Lancaster, Pa., May 25 (AP)—Elam Wenger Heisey got rid of the two robins he said were ruining his early strawberries—but it cost him \$45.

The Pennsylvania state game bureau said yesterday Heisey, a resident of nearby Florin, was fined \$10 each for shooting the birds and an additional \$25 for discharging a firearm within 250 yards of an occupied building.

## Men Students Bow To Marquette Girl As Livestock Judge

East Lansing, May 25 (AP)—A girl from the Upper Peninsula beat out the men in the Michigan State college freshman-sophomore livestock judging contest.

The winner was Judith Paul, a sophomore from Marquette. Second place was tied between Joseph Blake, Jackson, and Joseph Galloway, Okemos.

## Firebug Gets Prison

Muskegon, (AP)—Gus Renas, 17, must serve two and a half to 20 years in prison on a charge of setting fire to an empty house here a week ago. The penalty was imposed by Circuit Judge Joseph F. Sanford. Three other youths are awaiting sentence in connection with the \$1,200 blaze.

# Raise Of 11 Cents Averts Strike At General Motors

"JESSE JAMES" ALIVE—When Bob Ford, "that dirty little coward," shot Jesse James in 1882, he didn't shoot Jesse James at all, says Jesse James, J. ## Arabs Study Plea To Quit Shooting

BY MAX BOYD  
Cairo, May 25 (AP)—Political representatives of seven Arab states meet today in Amman, capital of Trans-Jordan, to consider a United Nations request that their armies quit shooting in Palestine.

The U. N. Security Council last night extended until noon tomorrow, eastern standard time, the deadline for a cease fire in the Arab-Jewish warfare. Egypt and Syria asked the 48-hour extension and no delegates opposed it.

The Arabs are under pressure from the British to stop fighting. A foreign office spokesman in London said Britain had warned the Arab states she expects them to observe the U. N. request.

Failure to comply might lead to suspension of treaty commitments to the Arab states, such as the supplying of arms and military aid to King Abdullah's Trans-Jordan Arab Legion, government sources in London said.

The Jews had accepted the U. N. request with its original deadline of noon yesterday.

Against outside pressure from the United Nations and the British the Arabs had to weigh the feeling at home. Arab leaders are acutely conscious of public demand in Arab countries for decisive action to smash the Zionists and their fledgling state, Arab informants said.

These sources said a cease fire order now would nullify Arab gains in Jerusalem, leave the important Arab port city of Jaffa in Jewish hands, and put Palestinian Arabs generally at a disadvantage.

The fighting went on despite the cease fire negotiations.

## Widow Past 90 But She'll Marry Again

Beau, 37, Makes Plans For Trip To Altar

Brushton, N. Y., May 25 (AP)—Wedding plans are in the making for a widow who figures she's past 90 and her 37-year-old beau, Clarence McGee, "hasn't been courting me very long," Mrs. Eliza Murray said yesterday. "But Clarence and I like one another well enough to get married and that's just what we plan to do."

"I only feel like 60," she added. "She was about 14 when she went to the altar with Charles Murray, she thinks. This will be McGee's first marriage."

McGee sat smiling and nodding while his bride-to-be talked to a Syracuse Post-Standard reporter in the kitchen of her home in this rural village near the Canadian border.

The couple is awaiting a report on blood tests, required by state law. Then "we're going right out to get our license from the town clerk," Mrs. Murray happily declared.

But her 68-year-old son, James, who lives with her won't call McGee "father."

"I'm a little too old for that now," the son observed.

Year-Old Baby Boy Now a Wage-Earner  
Los Angeles, May 25 (AP)—Dennis McShane has gone to work early in life.

Dennis is only one year old but he has blossomed out as a full-fledged wage earner. He got his social security card yesterday. He can't walk yet, but he's husky and weighs 32 pounds.

But Dennis can swim, and how. He started swimming in the bathtub when he was five months old and, at nine months, his parents, Mr. and Mrs. Glenn McShane, put him under the training of an expert coach.

Dennis has appeared in one movie and is scheduled to start work in another soon. The baby can swim across a 30-foot pool and dive from a regulation diving board.

## Arizona's Governor Is Taken By Death

Phoenix, Ariz., May 25 (AP)—Gov. Sidney P. Osborn of Arizona died early today at his home after an illness of 18 months. He was 62.

He suffered from progressive muscular atrophy.

Gov. Osborn, a Democrat, was serving his fourth successive two-year term as head of state. Member of a prominent pioneer family, he was born in Phoenix and spent almost all his life here. He was a newspaper publisher before taking office as governor.

His wife, mother, and a daughter survive.

## Northwest Floods Claim Four Lives

Rivers Pour Over Banks; Farms Under Water

(By The Associated Press)  
Three men and a four-year-old boy were missing today (Tuesday) in the flood-swept Pacific northwest as swollen rivers continued to pour over their banks.

The Clearwater river in north central Idaho was receding but streams in other regions of the state, in Washington, Montana, British Columbia and Oregon remained at flood stage.

A warm sun beamed down yesterday but brought new dangers—sunshine would send down more water to the bulging rivers from melting snows in the mountains.

More than 8,000 acres of rich farm land near Bonners Ferry, Idaho, were inundated by the Kootenai river which raced through six breaks in 34-foot dikes. The water was up to the eaves of some farm buildings.

A 4-year-old boy vanished off the top of a house boat in the Columbia river near Portland, the same area in which a tug boat with two men aboard disappeared Sunday. A youth tried to swim ashore from a row boat on the Snake river in Idaho and is missing. Reports that he reached an island started an aerial search but he was not found.

## Haifa Port Closed To Incoming Travel By British Orders

Haifa, Israel, May 25 (AP)—British authorities closed the port of Haifa today to incoming passenger traffic.

No official reason for the action was announced, but a British military source said "it might be because we do not want the Arabs to say Britain permitted Jews to use the port to bring in reinforcements for their army."

A spokesman for Israel said representation will be made to the British and added "we are hopeful their attitude will relax."

The Jews control the city of Haifa but the port is being used as the evacuation point for British troops leaving the Holy Land.

"The British say incoming passenger traffic interferes with their evacuation operation," said the Israeli spokesman.

Newsman Narrowly Escape Shell In Jerusalem Street

Jerusalem, May 24 (delayed) (AP)—Seven newsmen had a narrow escape today when a shell exploded in a street as they drove by.

The newsmen were Kenneth Bilby, New York Herald Tribune; Robert P. Martin, New York Post; Cornell Acheson, Indianapolis News; John Calder, Reuters; and three members of the Associated Press staff, Bureau Chief Carter L. Davidson and photographers James Pringle and Tom Fitzsimmons.

Shell fragments dented the Associated Press car, but none of the group was hurt.

## FUGITIVE CAPTURED

Detroit (AP)—Henry Gause, 28-year-old fugitive from the Wayne county jail, was captured Monday night by police who fired several shots before he surrendered.

Gause, who tried to evade capture by ducking between two houses, escaped April 12 when he dropped from a fourth-floor window by means of a crude rope. Four others who tried to escape with him were captured immediately.

## Wage Settlement Will Cost Concern \$75,000,000 A Year

Detroit, May 25 (AP)—General Motors Corp. granted an unique 11-cent an hour wage boost today to avert a strike of its 225,000 CIO production workers.

The company said the formula would cost it about \$75,000,000 a year. But GM called it "the new approach to the living cost problem."

A GM strike had been set for Friday by the CIO United Auto Workers.

Not only was the walkout averted, but the settlement raised hopes for a quick end to the 14-day-old strike of 75,000 Chrysler Corp. employees.

Chrysler Deal Watched  
On the basis of past history, it appeared that the GM formula may set a 1948 wage pattern in the 1,000,000-man auto industry and other important segments of the nation's economy.

Chrysler has agreed to resume bargaining with the UAW-CIO Wednesday. Their best previous Chrysler offer to the union was six cents an hour.

The other member of the auto industry's big three, the Ford Motor Co., is scheduled soon to begin talking wages with the union.

General Motors and the union were closeted for 18 hours before announcing the settlement.

It brings the average wage in General Motors' 90 plants to about \$1.61 an hour. The UAW-CIO originally asked GM for a 25-cent an hour increase.

General Motors would not say whether the wage increase would affect its car prices.

The wage formula gives the GM employees a flat 11 cent an hour boost as of now.

Revision In September  
However, the union agreed that on next Sept. 1 the company may

## Girrbach Funeral At Soo Wednesday

Lansing Delegation Will Attend Last Rites

Lansing, May 25 (AP)—A committee of eight senators and four members of the House of Representatives will attend the funeral services Wednesday at Sault Ste. Marie for the late Senator George Girrbach.

The Senate delegation will consist of Senators Joseph P. Cioffi, Wakefield; James T. Milliken, Traverse City; Otto W. Bishop, Alpena; Harold D. Tripp, Allegan; G. Elwood Bonine, Vandenberg; Don Vander Werp, Fremont; Elmer R. Porter, Blissfield; and Frank Heath, Bay City. All but Cioffi were fellow members with Girrbach of the Senate finance committee.

Speaker Victor C. Knox (R-Sault Ste. Marie) appointed to represent the House: Reps. James Goulette, Iron Mountain; David Morrison, Germfask; Roy Jensen, Escanaba, Alvin Richards, Marquette, and himself.

Girrbach died in Flint Monday morning from injuries suffered in an auto accident.

The Sheriff's office said Lopez told investigators that he had started the 19 major blazes and many small ones. Bowers said the 19 included a \$750,000 fire which swept the E. J. Stanton & Son Lumber Co. yards last week.

## Cow Limps 6 Years With Gem in Hoof

Portales, N. M., May 25 (AP)—For six years the old milk cow on B. F. Holcomb's farm limped, and for most of that time Holcomb wondered why.

Then Holcomb investigated. Imbedded in the cow's hoof he found a diamond ring—the same one Mrs. Holcomb lost six years ago, she said.

Now Mrs. Holcomb and the cow both feel better.

## Missing Boy Found; Los Angeles Kidnap Letter Proves Hoax

Los Angeles, May 25 (AP)—Alan D. McCauley, 12, missing from his home three days, was found early today by police on Hollywood's Vine street.

Police said the boy admitted writing the ransom note which his parents found early Saturday. The boy said he had been sleeping behind billboards.

Police said the boy, a junior high school student, gave no reason for his disappearance, which had brought the FBI into the case.

## North Dakota GOP Goes For Stassen

Blomont, N. D., May 25 (AP)—North Dakota's 11 delegates to the Republican National convention will be committed to no candidate—officially.

Closing their convention here last night, GOP state delegates by voice vote passed a resolution urging the North Dakota slate to "do all within their power to bring about Harold E. Stassen's nomination."

Earlier, a motion seeking endorsement of Michigan's Senator Arthur Vandenberg was shouted down.

Saginaw Raises Wages  
Saginaw, Mich., May 25 (AP)—The 550 municipal employees of Saginaw had a \$240 cost of living wage increase apiece today. The city council granted it Monday night. It estimated it would cost the city \$130,000 during 1948-49.

## Lewis May Tangle With Court Again

BY HAROLD W. WARD

Washington, May 25 (AP)—John L. Lewis' refusal to bargain a new contract with the Southern Coal Producers Association could put him in contempt of court next week for the third time in 18 months.

Lewis and the United Mine Workers already have been fined \$2,130,000 for ignoring back-to-work orders in strikes of December, 1946 and April, 1948.

The same judge who imposed those fines, T. Alan Goldsborough will decide next Tuesday whether Lewis should be put under a new court order. This one would be an injunction to keep the UMW boss from continuing to snub President Joseph E. Moody of the Southern Coal Producers Association. Last week's short-lived contract talks broke up over that issue.

Robert N. Denham, general counsel of the National Labor Relations Board, stepped into the case late yesterday at Moody's request.

He filed a complaint against Lewis, accusing him of an unfair labor practice under the Taft-Hartley law.

This complaint will be heard by an NLRB trial examiner, a time-consuming process.

So Denham instructed NLRB attorneys to go into Goldsborough's court and ask for (a) an immediate restraining order designed to start the wage talks again within five days and (b) a "show cause" hearing on why an outright injunction should not be issued until the NLRB rules on the unfair labor practice charge.

Goldsborough rejected the first request, but granted the second and set the hearing for June 1.

If Lewis fails to show cause and the judge issues the injunction, the mine union chief will be faced with the choice of complying or running the risk of a third contempt action.

## Arson Suspect Says He Set 19 Fires In Southern California

Los Angeles, May 25 (AP)—Sheriff's officers say they are investigating the possibility that 19 fires in Southern California, causing approximately \$2,000,000 in damage, were set by one man.

Inspector Gordon Bowers said Louie Lopez, 28, was booked on suspicion of arson yesterday after being arrested at the scene of a fire Sunday night.

The Sheriff's office said Lopez told investigators that he had started the 19 major blazes and many small ones. Bowers said the 19 included a \$750,000 fire which swept the E. J. Stanton & Son Lumber Co. yards last week.

## PARADE MARKS MEMORIAL DAY

### Procession To Lead Way To Service At Park

Memorial Day will be observed Monday, May 31, in Escanaba with a program of memorial services sponsored by the Cleveland Post of the American Legion in honor of the nation's war dead.

A parade of fourteen units will feature the Memorial Day program in a march down Ludington street from the Junior High school to the Cleveland Post. The parade will start at 10 a. m. and will lead the way to the park where the memorial services will be held. All veterans' organizations in the city will participate in the program of services at the park, with the Rev. Father S. M. Maier, pastor of St. Ann church, as principal speaker.

Included in the line of march for the Memorial Day parade will be color guards, the Escanaba municipal band, Gold Star Mothers, the Escanaba High school band and drum corps, the National Guard, Girl Scouts and Boy Scouts. All ex-servicemen and all members of unions are invited to march in the parade.

Elmer Swanson is general chairman of the Memorial Day arrangements committee; William Miron is officer of the day; Roy Baldwin is in charge of program arrangements at the park; Tom Beaton is master of ceremonies.

Business places in Escanaba will be closed all day Monday, May 31, in observance of Memorial day. It was announced today by the Escanaba Chamber of Commerce. This includes the post office, court house, city hall, banks and other establishments.

### Miss Gwalter Named Director Of Church

The election of Miss L. Ivmy Gwalter as a director of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass., to succeed Mrs. Nelvia E. Ritchie, deceased, has just been announced.

Miss Gwalter, a native of New York, studied abroad and upon her return to this country, graduated from the Musical Art Institute, New York City. For a number of years she contributed to the Christian Science weekly and monthly periodicals and for the past year has been Associate Editor.

Her many friends throughout the world will be gratified to learn of her election to The Christian Science Board of Directors of The Mother Church.

### Gerald Tolan Dies Suddenly of Heart Attack in Detroit

Gerald Tolan, 59, son of Mrs. James Tolan, 403 Ludington street, died last Monday, May 17, of a heart attack in his home in Detroit.

Funeral services were held Thursday from the Presbyterian church in Detroit. Mrs. Tolan of Escanaba, a brother Frank Tolan of Green Bay and another brother, Carl of Milwaukee, attended the services.

Gerald Tolan grew up in Escanaba and attended schools here. He is survived by his wife and a daughter Gerry, his mother and two brothers.

### Anti-Red Worker For Legion Beaten To Death In Hotel

Long Branch, N. J., May 25 (AP)—A 57-year-old American Legion worker, described by Assistant Prosecutor John M. Pillsbury as engaged in collecting data on local Communist activities, was found beaten to death in his hotel last night.

Pillsbury said the Legion worker, Harold E. Adamson, probably had been attacked outside the hotel but had walked to his room and collapsed. He died of a fractured skull.

Police Chief Thomas J. Marks said the case "looks like murder" and Pillsbury said his office was going along on the investigation on "suspicion of murder."

Adamson was a member of the Americanism Committee of the American Legion in New Jersey. Last November he went to Washington to attend a Legion school on combating subversive activities.

Assistant Prosecutor Pillsbury said Adamson had collected material on Communist workers here and had turned it over to the FBI. The FBI said it had no comment on the case.

Pillsbury said Adamson probably was attacked Saturday night—some 24 hours before he was scheduled to appear as one of four sponsors of a state-wide Americanism rally sponsored by the Legion.

## Robert MacKerroll Heads Summer Work Of Civic Theatre

Robert MacKerroll has been named temporary chairman of Escanaba Civic Theatre to head summer activities.

The theatre group plans to meet once every two weeks and will discuss plays to be produced in the coming winter, hold sessions in interpretative reading, and review current plays.

The first meeting will be held Wednesday, June 2. All members are urged to come, especially for the first meeting. New members, who will be able to remain with the organization through the coming winter, are also urged to attend.

Next winter Civic Theatre will produce major three-act plays and offer special work and classes in radio technique and production. Production of several one-act plays is also contemplated.

In the past year Civic Theatre produced one three-act play, "Three Corners Moon," three one-act plays and five radio dramas.

## Arthur Nelson Dies Monday In Chicago

Arthur Nelson, 59, of Chicago, died Monday, it was learned here today by Mr. and Mrs. Ed Dehlin, his sister-in-law and brother-in-law.

Mr. Nelson, who has lived in Chicago the past 40 years, is survived by his wife, the former Esther Dehlin, daughter of the late Mr. and Mrs. Dahlin, of this city; a daughter, Mrs. Irene Smith of Chicago and a son Howard also of Chicago.

Funeral services will be held Friday.

In 1930 there were almost 50,000 cases of smallpox reported in the United States.

There were only two reported cases of smallpox in Canada during 1946.

## K. C. Initiates 115 Candidates

Iron Mountain, Mich. — One hundred and fifteen candidates, 55 of whom are residents of this area, were initiated into Baraga Council No. 1585, Knights of Columbus, from 10 a. m. to 6 p. m. Sunday at SS Mary and Joseph, during an initiation meeting of U. P. councils. About 500 members attended.

The class, known as the "Rev. Fr. A. C. Pelissier Class", comprised candidates from Escanaba, Iron River, Manistique and Negaunee. During the ceremonies, the Rev. Fr. Pelissier, pastor of SS Mary and Joseph, acknowledged the honor. Dinner was served at 6 p. m. in the Church of the American Martyrs.

During the dinner, the Rev. Fr. Pelissier spoke of the outstanding work of the Knights of Columbus and the council, and commended the groups for their "cooperation and whole-hearted effort since the day the organizations were formed."

Toastmaster was Walter Dougoveto, Invocation was offered by the Rev. Fr. Pelissier and dinner music was played by the Misses Florence, Bessie and Alice Cottrell. Joseph Lequia, district deputy, also spoke. The benediction was offered by the Rev. Fr. Glen Sanford, pastor of the Church of the Immaculate Conception, Iron Mountain. ## TIME QUESTION IS CONSIDERED

### EST Year - Round For Marquette?

Marquette, Mich.—Should Marquette county adopt Eastern Standard time on a year-around basis?

Every year, about this time in May, after residents become accustomed to (and begin to enjoy) the change to Eastern Standard time, the question arises of whether it would be a good policy to adopt EST all year.

Today, Marquette, Alger and Baraga counties comprise a Central Standard time "island zone" in the Upper Peninsula during the winter months. Houghton, most heavily populated county north of the Straits, and Keweenaw counties, are on Eastern Standard time

all year, as is Delta county to the south and all counties in the eastern part of the Peninsula.

For purposes of business and travel, it would be a distinct advantage to have the biggest part of the U. P., from the Keweenaw Peninsula, straight through to Delta county, and all points east, on Eastern Standard time on a year-around basis.

At present, there are seven U. P. counties, Houghton, Keweenaw, Delta, Luce, Schoolcraft, Mackinac and Chippewa, which are on Eastern Standard time all year. They conform with counties in Lower Michigan.

Of the other eight U. P. counties, all but one (Menominee) are on "fast" time during the summer months.

## PICNIC STOVES AT CITY PARK

### 3 Burners Installed At Ludington Area

Three picnic stoves have been installed at Ludington Park for the convenience of picnickers, it has been announced. Two of the picnic stoves are located near the slides and swings and the third is located in the vicinity of the old bath house.

The stoves are of waist-high design and are constructed on swivels so that they may be turned in any direction. They are open grill stoves and are designed particularly to burn charcoal but other types of fuel may also be used, Robert Clayton, city forester, reported.

Picnickers desiring to use the stoves at the park are expected to provide their own fuel.

The softball diamond at Ludington Park also has been relocated to improve the diamond and to eliminate a traffic hazard at the park. The road has been relocated so that traffic no longer will cut directly through the recreational activities at the park playground.

The huge stone flag at the park has been repainted in preparation for the summer season.

### Bishop Noa Will Officiate At Rites For Father Sczygula

Funeral services for Rev. Fr. Charles Sczygula, chaplain at St. Francis hospital, who died Sunday night, will be held at a Pontifical requiem high mass, of which the Most Rev. Thomas L. Noa, D. D., Bishop of Marquette, will be celebrant, Wednesday morning at 10 o'clock at St. Joseph's church.

Officers of the mass will be: Rev. Sebastian Maier, deacon; Rev. Martin Melican, sub-deacon; Rev. Alphonse Coignard, assistant priest; Rev. Victor Karch, deacon of honor; Rev. Charles Swoboda, sub-deacon of honor; Rev. Joseph Dunleavy, 1st master of ceremonies; Rev. Francis Gimski, second master of ceremonies; Rev. Clement LaPine and Rev. Michael Hale, acolytes; Rev. Howard Drollet, candle bearer; Rev. Thomas Ruppe, book bearer; Rev. Clifford Nadeau, mitre bearer.

The music of the mass will be sung by the priests' choir directed by Rev. Matt LaViolette. The office of the dead will be chanted by

### Dorothy Anderson, June Vandeweghe To Be Graduated

Miss Dorothy Anderson, daughter of Mr. and Mrs. Axel Anderson of Detroit, former Escanaba residents, and Miss June Vandeweghe, daughter of Mr. and Mrs. Walter Van de Weghe of Gladstone, will be graduated from Michael Reese hospital school of nursing in Chicago at exercises Thursday, May 27.

Miss Van de Weghe is a graduate of Gladstone high school and Miss Anderson attended high school in Detroit. Axel Anderson formerly managed the Groos drug store in Escanaba and is now in similar work in Detroit.

### Sgt. Philip Bruce, Marie Elias Win On Amateur Program

Sgt. Philip Bruce, fast-stepping police officer in Escanaba, and Marie Elias, student and vocalist, won first places in the amateur talent show staged last night in William Bonifas auditorium under the auspices of the city recreation department.

Philip Bruce, noted in Delta county for his dancing, won a unanimous first place in the over 17 age group. Miss Elias took first place in the 12-16 group with her performance of "Dark Town Strutters Ball."

Competing with the winners were Rowena and Mary Steede who sang "Down in the Valley"; Howard Wiles, tap dancer; Joyce Skradski, Mary Ottensman and Kathleen Rooney, who vocalized on "Beg Your Pardon." Eugene Moberg who played "Beer Barrel Polka" on the accordion; Paula Johnston, Doreen Fitzpatrick and Mary Lee Nelson who sang "Drink to Me Only with Thine Eyes." Mrs. Gust Peterson who sang "Serenade of the Bells" and Maxine Flath and Jean Farrell who sang "In the Plaza."

Guest performers on the program last night were Mary and Nancy Witham, winners of the first talent show, who last night sang "Smoke Gets in Your Eyes." The next talent program will be held June 7 in William Bonifas auditorium. Any one who sings,

the priests beginning at 9:30 o'clock.

The body of Father Sczygula is in state in the chapel of St. Francis hospital and will be removed to St. Joseph's church at 9 a. m. Wednesday, where it will be in state until the funeral hour.

## STATE OKEHS AIRPORT JOB

### Project Proposal Forwarded To CAA

The city's airport project proposal has been approved by the state aeronautics board and has been forwarded to the regional office of the federal CAA at Chicago. City Manager A. V. Aronson has announced.

The project proposal is being processed by the CAA for federal aid and when it is approved permission will be authorized for taking bids on the construction.

The project is designed to extend the north-south runway to 3800 feet for CAA certification and qualify the local airport for interstate air commerce.

Wisconsin Central Airline will operate daily plane service out of Escanaba to Milwaukee and Chicago when the runway extensions have been completed, probably by fall.

The number of passengers carried by U. S. railroads quadrupled between 1940 and 1944.

Manistique, May 25—Word has been received here of the death in Ann Arbor Monday evening of Mrs. Loreen Scott, 24, daughter of Mr. and Mrs. Ernest Smith, of Manistique.

Besides her parents, she leaves her husband, John, of Los Angeles, Calif., a son, Ernest, also of Los Angeles, and a sister, Mrs. Claude Holm, of Manistique.

The body will be returned to Manistique for burial. Arrangements will be announced later.

### Leatherman Talks At Men's Club

Movies and talk on the consumer cooperative movement were presented by Wilbur Leatherman of Superior, Wis., at the meeting of the Presbyterian Men's club last evening. Leatherman, a former Methodist clergyman, is field representative of the Central Co-operative Wholesale.

The speaker traced the development of cooperatives since it was founded by 28 weavers in Rochdale, England. The fundamental Rochdale principles for cooperatives, which have been followed to this day, he listed as follows:

democratic control with each person entitled to one vote regardless of number of shares; limited interest on shares of stock; and return of the savings or profits to customer-members.

The movie depicted a trip taken by cooperative members a couple years ago through Minnesota.

## Plywood Corporation Camp Buildings Are Destroyed By Fire

Damage estimated at \$25,000 was caused by fire at the camp of the Northwestern Vener and Plywood Corporation near McMillan last night.

The office, store room, lighting plant, garage and blacksmith shop were destroyed, as well as two tractors, a pick-up truck and a large amount of truck and tractor tires and parts and other supplies necessary to the operation of woods work.

Flames were carried by the wind away from the men's quarters and the cook house, and operations will continue with temporary buildings replacing the destroyed units of the camp.

The origin of the fire has not been determined but it is thought that it may have been caused by a short circuit. The loss is entirely covered by insurance; S. R. Venne, president of the Plywood Corporation stated.

## TREE PLANTING PROJECT ENDS

### 65 On Curb Strips Here; 100 On Memory Lane

The city's spring tree planting program has been completed, City Forester Robert Clayton has announced. A total of 65 trees were planted on curb strips this spring on 26 property descriptions. Ten of the trees were replacement for trees planted in previous years but failed to survive.

All but one of the trees planted this spring were maples, of which 36 are red maple, 2 norway maple and five sugar maple. One green ash tree also was planted.

In addition, the city forestry crew will complete the planting of 100 American elms today on the VFW's Memory Lane project along M-35. A total of 300 trees will be planted, the remaining 200 to be planted next fall.

Forester Clayton said this morning that the 100 elms planted along M-35 this week were secured from a Wisconsin nursery and that they represent all of the desirable trees that could be secured at this time. Elms from

nurseries located further south are too far advanced for transplanting now, he said.

The trees are an inch and a half to two inches in diameter and are 15 to 20 feet in height. Some of the trees now located in that area will have to be removed because they are of different species than the American elms selected for the Memory Lane project.

All of the elm trees in the city, except a few located near trees of

other species, have been given an oil spray to kill elm bark scale, Clayton said. The oil was applied while the elms were dormant to avoid injury to the trees. A total of 505 elm trees were treated in this way.

The total world production of coal and oil combined is more than two billion tons a year.

### A Witless Pilot

A low flying airplane that buzzed a mink ranch in North Delta county last week was responsible for the death of approximately 125 mink kits, killed in fright by their mothers who were terrified by the roar of the airplane motor. The death toll represented about half of the spring crop of mink kits in that particular fur farm.

The thoughtless flier responsible for this loss has not been discovered. The plane did not come from the Escanaba airport as none of the local planes were in the air at the time, flight records revealed. Furthermore, all local fliers have been briefed upon the necessity of remaining away from or flying at high altitudes over mink ranches, of which there are a considerable number in Delta county.

A single witless pilot could easily cause the loss of thousands of mink kits in Delta county and financial ruin to the mink farmers by buzzing the mink ranches at this season of the year. Mink mothers are extremely nervous creatures and unexpected noises prompt these animals to kill their young in hysteria.

Mink farming at best is a hazardous and costly gamble. It is an industry that is growing rapidly in Delta county and providing a cash crop for an ever growing number of county residents. The industry deserves encouragement from the general public and the shameful performance of the flier responsible for the incident in North Delta county certainly should bring down the wrath not only of fur farmers but also of other fliers whose pleasures are jeopardized by developments of this kind.

### Safety In Boating

The season's first drowning emphasizes the need for greater safety factors in the renting and handling of rowboats. Unfortunately few rowboats are equipped with life protectors, life rafts or lifebelts for the protection of persons who may fall in the water.

The law requires all motorboats—and this includes rowboats with outboard motors—to be equipped with such life saving gear but it is a law that is being grossly violated, even by those who are offering such boats for rent. Undoubtedly the time is not far off when all boats offered on a rental basis will be required to contain life protectors.

Many persons who use boats for fishing or for other purposes are unable to swim. All too often many of them are unfamiliar with the operation of boats and fail to recognize the lurking dangers in choppy waters, or the necessity for properly balancing the weight of passengers in a rowboat.

Boating and fishing in rowboats can be comparatively safe provided simple precautions are taken. First of all, there should be no changing of seats or shifting of weight in a boat. And if a boat should overturn, a fundamental rule is to hold on to the craft until rescue can be effected.

### Another Coal Strike?

JOHN L. LEWIS, the coal mine union boss, has called for new negotiations for another wage agreement in the coal industry, presumably in a demand for another wage boost for the miners. The exact terms of Lewis' demands have not yet been disclosed but the union boss has never been one to be niggardly in his cry for higher wages.

The coal miners today are by far the highest paid workers in America's labor market. The average weekly earnings of coal miners in January of this year was \$75.78, including the earnings of many men who worked only one or two days each week. A large number of miners earn \$400 per month and some of them earn as much as \$600. In 1947 coal miners averaged \$3.476, or \$13.96 per day for the 249 days in the year that they worked in the mines.

The price of coal today is the highest in history and coal prices just increased on the retail level approximately \$1.00 per ton. Even further price boosts would be the inevitable result of another round of wage increases for the coal miners.

The power that Lewis possesses exists only because there is no ban against nationwide strikes. If all the coal miners walk off their jobs at once, as they have done so many times in the past, the industrial life of America grinds to a stop. Thus Lewis as boss of the miners has the power to strangle the country whenever he chooses and to use this form of blackmail to achieve his demands, no matter how unreasonable.

Sooner or later the country will have to take a stand against this type of monopoly.

### Vandenberg Gains Strength

CURIOUSLY enough virtually every development in the various state primary elections has enhanced the chances of Senator Vandenberg of Michigan to emerge

from the Republican national convention with the GOP presidential nomination even though Vandenberg continues to deny that he is a candidate.

The Wisconsin primary entirely discarded MacArthur as a strong candidate and elevated Harold Stassen. Stassen's candidacy got a further boost as a result of the voting in Nebraska. The effect of these contests was to stem Dewey's No. 1 role inasmuch as the New York governor had previously garnered more convention delegates than any other candidate.

In Ohio, Senator Taft captured a majority of the delegates, as anticipated, Stassen winning in only a few of the contested districts. And now in Oregon, Dewey has swung back with a victory that certainly prevents a Stassen stampede.

The whole thing adds up to the fact that no candidate will enter the Republican convention with anything like a sufficient number of delegates committed to him to assure the nomination. If a deadlock develops, Vandenberg is by far the most likely man to be chosen. He is known to be the choice of Stassen if the Minnesota candidate finds that he cannot get the nomination for himself. There have been enough signs to indicate that Dewey likewise is friendly to Vandenberg and would support the Michigan statesman if his own chance to get the nomination faded.

Of all the candidates in the field, Vandenberg is the man who is most apt to rally a united Republican organization to his support. The only substantial opposition to Vandenberg is the political power yielded by Col. McCormick and the Chicago Tribunes and this opposition could not be effective in the middle west, where Republican strength is most pronounced.

### "EQUALITY" FOR FINLAND (Grand Rapids Press)

Any award for the best tongue-in-cheek performance of the week must go to Premier Stalin for his speech honoring the Finnish treaty delegation. Though the address was given April 7, the text was not broadcast until April 12—possibly because the Soviet propagandists want to see how it would sink in with the Finns before letting the rest of the world in on it.

Hailing the pact as "a great turning point" in the historically distrustful relations between Russia and Finland, Stalin went on to declare that all nations, both great and small, have something to contribute to the "common treasure house of world culture." In this sense, he assured his listeners, "every nation is equal to every other nation."

From there it was only a short verbal step to the conclusion that "the Soviet people consider that Finland, although it is indeed a small country, enters into this treaty as an equal party in relation to the Soviet Union."

It's too bad that in their new-found "equality" the Finns haven't felt free to discuss their alliance with Russia in the same frank, critical terms many of them used when the proposition was first broached by Moscow. But, then, we're forgetting that the treaty has wiped out the distrustfulness that Finland has had so long for its powerful neighbor.

### A SHARP REPLY FROM ALABAMA (Birmingham News)

The lieutenant governor of Massachusetts has felt called upon to remark that southern states are building their textile industries at the expense of northern mills. To that fact we may plead guilty.

We feel, however, some distaste for the sort of language that the Massachusetts gentleman used in referring to us.

We don't think that Massachusetts will benefit by referring to Alabama, Arkansas, South Carolina and Georgia as "To-bacco Road states." We think it was bad manners for the speaker to refer to us as a bunch of banjo strummers and to a "land of moonlight, magnolia blossoms and mud-waddlers." We admit southern moonlight is wonderful, and we like the magnolia trees. But we aren't "mudwaddlers" and we do wear shoes, many of them manufactured in Massachusetts. We'd be better off if we made the shoes down here, and the gentleman from Boston knows that fact and seems afraid of it.

Come on down, sir, and we'll show you a few things that you may not know about the south. Among them we'll show you what good manners ought to be.

De-feathering a chicken isn't so bad—it's picking a duck that gets you down.

There are more than enough grouches to go around—making people feel unhappy.

### AMONG — BETWEEN (Scrapbook Item)

Cincinnati: My English class and I would be grateful for one of your sensible discussions on the correct usage of "among" and "between." Our textbook says that "between" should never be used with more than two objects.—Mrs. C.

Answer: In the strictest sense, "among" applies to more than two objects, as, "America is striving for peace among the nations of the world."

Also strictly speaking, "between" applies to two objects only, for the word literally means "by two," as, "True friendship exists between Canada and the United States."

But, as every language student knows, almost every rule in English has an exception. So, "between" can apply to more than two quite properly. Here is what some of the good authorities say about it:

College Handbook of Composition, Woolley and Scott (Heath): "Between is often used with more than two objects." Webster's New International: "When

## World Events Analyzed

BY PETER EDSON

Washington. (NEA)—The U. S. State Department having rejected Premier Stalin's okay on discussing Henry Wallace's list of differences between this country and Russia, the next step should be making a list of issues that could be talked about.

Official objection to the Wallace-Stalin list is that it consists of items "of intimate and compelling interest to many countries." What the U. S. government is apparently willing to talk about are controversies primarily affecting these two countries only.

On such a list, to begin with, would be the \$11,000,000,000 worth of lend-lease supplies furnished Russia during the war, plus some \$254,000,000 worth of aid given since V-J day. The U. S. has asked no payment for articles used up during the war, including 14,000 planes, 7,000 tanks and 478,000 motor vehicles. Any items of use to the Russian civilian economy, however, were to be settled for at "fair" value.

Up to January 1947 the Russians ignored four requests to settle. Negotiations got under way in April of that year. Since then the Russians have refused to present an inventory and have refused to accept the principles of lend-lease settlements with other countries. So the deal is still stalemate.

### RUSSIA MUST STOP ERP SABOTAGE

A second and still more important item concerns Russian obstruction of the European recovery program. While this concerns other countries, it is primarily a matter between the U. S. and the USSR. The Soviet was invited to take part in Paris conferences last July. Molotov attended one session, then withdrew.

From then on the Russians have taken no part themselves and they have not allowed their satellites to take part. Instead, these countries set up the Cominform for the announced purpose of preventing the success of the Marshall Plan.

Only a complete reversal of this policy could be considered a sincere demonstration of a Soviet desire to co-operate.

The U. S. has persistently tried to make an agreement for civil air traffic between the two countries, to permit U. S. airlines now operating to Europe and Asia to touch Russian ports. All such overtures have been rejected.

The U. S. government has sought to arrange for the exchange of publications, scientists, artists and students. Instead of meeting these advances half way, the Soviet Union has done everything it could to further isolate her people from cultural contact with the world outside the Soviet orbit.

The U. S. "Voice of America" radio programs and the U. S. government-published magazine "America"—printed in Russian for distribution in Russia—have struck to factual presentation of life in America. Controversial issues have been avoided.

In response, Soviet propaganda at home and abroad has always been violently and abusively anti-American. The United States is pictured as seeking world domination and headed for eventual economic collapse. Until this attitude changes, it is considered hopeless to achieve more friendly relations.

### LIST OF BROKEN AGREEMENTS LONG

At Yalta an agreement was made for exchange of nationals liberated by Soviet and American forces. U. S. repatriation teams have been refused access to American citizens liberated by the Russians.

The list of other agreements made by the Russians at Yalta and Potsdam is long. The list of these agreements not kept is almost as long. Most of these violations concern other countries. But American and Russian interests are in direct conflict in Korea, Germany and Austria particularly.

Establishment of a democratic and free Korea has been blocked by the Russians at every turn. This is highlighted most recently by refusal to allow the northern, Russian zone to take part in recent elections under the United Nations, and the shutting off of power generated in the northern zone for distribution to consumers in the U. S. southern zone.

Writing of an Austrian peace treaty has been urged by the United States ever since the end of the war. It has been blocked by the Russians, though negotiations are still under way.

Organization of Germany as a single economic unit has been similarly blocked. And finally, the offer of a 40-year mutual guaranty pact against German and Japanese aggression has been spurned.

used of more than two objects, it (between) brings them severally and individually into the relation expressed; as, a treaty between three powers."

The New Century: "Strictly referring to two objects, but sometimes used (for among) of more than two."

New English Dictionary: "It (between) is still the only word available to express the relation of a thing to many surrounding things severally and individually."

Here are a few examples in literature of "between" expressing more than two:

"Every man must judge for himself between conflicting vague possibilities."—Darwin. "I hope that between public business, improving studies, and domestic pleasures, neither melancholy nor caprice will find any place for entrance."—Johnson.

And, of course, there is the age-old expression "Between you and me and the gatepost."

Recommendation. If "between" seems to you to be more accurate and emphatic, do not hesitate to use it. You'll have highest authority and long-established usage on your side.

Can you make the proper distinction in the meaning of the words SHALL-WILL and SHOULD-WOULD? If not, Mr. Colby's leaflet, C-4, will help you.

EARTHWORMS—For the information of those gardeners who, like myself, believed that an earthworm encountered while fishing was good only for fish bait, we here offer some opinions and comments from gardeners who know the earthworm's true value.

The subject will be discussed because in a recent column we reported that soil rich in organic material

attracted earthworms. We consulted Joe Heirman, county agricultural agent, on the subject and quoted him as follows:

"Earthworms induce a good physical condition of the soil and a large earthworm population is desirable. But there is no foundation for the idea that earthworms will 'build up' the soil."

REACTION—Immediate response to these comments came from Mrs. E. Heafield of Garden, who wrote:

"I was interested and amused, in your recent article on earthworms, at Mr. Heirman's reaction. You'd better suggest that he take a subscription to the magazine that I am sending you under separate cover and which I would like returned."

(Note: The magazine referred to is Organic Gardening, Garden Without Chemicals.)

"I'm an organic gardening enthusiast, have always been more or less. Modern methods have me frightened. Poison sprays are killing the bees which are so necessary to pollination; commercial fertilizer is poisoning potatoes so that agents for a big soup manufacturing company will not buy them in this U. P., where we are forcing big yields and destroying fertility of soil. DDT has been discovered in milk and beer in N. Y. state, etc., etc."

"Some countries have already abandoned this unnatural waste and gone back to nature's ways, but America has yet to be educated."

Mrs. Heafield closes with the promise that interested persons may write her to obtain further information about organic gardening. We suggest they send a stamped self-addressed envelope for reply.

ADVOCATES — A perusal of the magazine Mrs. Heafield sent us leads to the inescapable conclusion that earthworms and organic gardening go hand in hand—or perhaps it would be better to say that the gardener and the worm are partners in a cooperative effort. One organic gardener reported the following as his creed:

"Whatever promotes the welfare and the happiness and the activity of the earthworm, is good. On the contrary, whatever hinders earthworm activity or makes living conditions less acceptable to these little creatures of the soil, is bad, and should not be tolerated in the garden or on the farm."

To this agricultural creed Mrs. Heafield adds a hearty "me too."

CONVICTION—If the number of advertisements for the sale of earthworms is an indication, organic gardeners are convinced of their benefits. There is one gentleman who has written a book on the subject of "Harnessing the Earthworm," who claims

## INTO THE PAST

Ten Years Ago

Escanaba—Eugene Raymond was elected president of the Young Republicans of Delta county at a meeting held last night in the council chambers of the city hall. Richard Christensen was elected vice-president; Roy Jensen treasurer, and Charles Byrns was re-elected secretary.

Bark River—Miss Emma Durbord, a former resident of Bark River, has left for Dearborn, Mich., to resume her duties as 4-H club extension worker, after spending a few weeks here with her parents.

Escanaba—Alice Promer, daughter of Mr. and Mrs. John Promer, will graduate from St. Catherine's college in St. Paul this June. Her brother, John Jr., will receive his degree this June also, from Lawrence college in Appleton, Wis.

Twenty Years Ago

Escanaba—Miss Mary Cuthbert, daughter of Dr. and Mrs. C. M. Cuthbert, has left for Indianapolis, Ind., where she will do community Chataqua work this summer.

Escanaba—Mr. and Mrs. Joseph Belanger are the parents of a son born May 24 at St. Francis hospital.

Manistique—Miss Mildred Campbell has left for Evanston, Ill., where she has enrolled for nurses' training.

Gladstone—Axel Larso is leaving tomorrow for Sunne, Sweden, to visit with his father and mother, whom he has not seen in 27 years, and with a sister and brother whom he has never seen.

that the worms can be domesticated and put to work for man's benefit.

We counted 13 advertisements for the sale of earthworms. Never once, however, was it stated that earthworms alone would "re-build" poor soil. Their use was advocated in combination with compost to supply organic material for the soil. At the same time it was stated elsewhere that soil rich in organic material, together with the work of the earthworms, would end the necessity for using chemical fertilizers, sprays and dusts.

DIFFERENCE—Graduates of agricultural colleges, men trained in modern methods of farming, men such as Joe Heirman, the Delta county agricultural agent, do not discount the value of compost and other organic soil builders. One of the fundamentals of good farming practice is crop rotation, which is composting on a large scale, or so we understand it.

"Earthworms induce a good physical condition of the soil and a large earthworm population is desirable," said Heirman when we first consulted him on the subject.

But the trained agriculturalist knows the value of "commercial" fertilizers, sprays and dusts.

Certainly he does not believe, as does the "Organic Gardener," that chemical sprays and dusts and fertilizers should not be used because "poisons inevitably drain to the ground and kill the organisms in the soil."

REPORT—Mrs. Heafield does not mention the source of her information that Upper Peninsula potatoes have been blacklisted by "a big soup manufacturing company."

We consulted a leading potato marketing agent in the county and he said he had never heard of such an action.

## Roving Reporter

By Hal Boyle

New York (AP)—A friend of mine whose father was one of the first men to buy an automobile has just bought a television set himself.

This pioneering purchase has brought him to the verge of bankruptcy. It developed that the chief expense in becoming a television addict isn't the initial cost. It's the upkeep of your friends who drop in to watch the set work.

"I've just become a shill for that damned machine," complained my friend. "I made the mistake of bragging I'd bought one, and the world began beating a path to my door."

"The neighbors next door, the neighbors upstairs, their friends, people I hadn't seen for years—they all started dropping in. They say they can only stay for a few minutes, but they stick in front of that television screen for hours."

"And all the time I have to run in and out fetching drinks and sandwiches. They've turned my home into a barroom and restaurant—and I have to foot the bill."

But all pioneers have to sacrifice. I can remember as a boy, when the radio industry and I were both in short pants, there was a period of months when we children couldn't do our evening homework out loud.

Dad never forgave radio when it climbed into a shiny cabinet and found its own voice, making the earphones unnecessary. He rarely listened to it after that.

Television, the grandson of the old crystal set, is a kind of strange offspring still gripped with growing pangs. Radio is its proud mammy, Hollywood its cubious pappy.

It is a stranger to most Americans today—these roving reporters only about one out of ten persons has seen a television program—like it won't be a stranger long. Like sex, the income tax, and Old Man River—it's here to stay.

Television promises either to fortify home life or drive a man out into the street forever.

I'll remove the desire of a lazy man even to get out of bed. He can turn on the television set Sunday morning and watch a minister preach an inspiring sermon. In the afternoon he can still lie there and watch a baseball game without worrying about having a rabid fan in the row behind him drip hot dog crumbs and mustard down his neck.

No longer will he have the Sabbath chore of reading the funnies. He can tell the kids to go stare at a television cartoon.

Television is a powerful weapon for a hostess who wants to silence a boring guest. But it also threatens to end the small talk of people you really want to listen to. It may do even more than popcorn did to kill the art of conversation.

"I'd a man can take television, or leave it alone. But will he be able to in ten years?"

Seen there may be no place to get away from it except by going to a Turkish bath or slipping into the deep end of a swimming pool in tubular protest.

Put as of now television is a wonderful way to catch up on your movies, some you haven't seen for years and years and years and years. I always said Ben Turpin and Mabel Normand had a future. Television is proving it.

We may lose every cent we put up, but it seems to me there is a chance it (ERP) will aid the battle against communism.

—Sen. Robert A. Taft (R) of Ohio

## The Washington Merry-Go-Round

BY DREW PEARSON

Washington—The president has resorted to new strategy in handling White House callers.

For some time, Washington observers were amazed at the number of visitors President Truman saw daily. But now the calling list has tapered off. The official list released every morning shows only a handful of visitors.

What people don't know, however, is that there are five separate entrances to the White House, and in recent weeks Truman has been fooling the press. While

regular White House correspondents wait in the lobby of the executive offices watching for presidential visitors, various private callers slip in other doors. Sometimes as many as 25 will flow into Truman's office unnoticed. They come in through various side doors, sometimes even the distant east wing, and are spirited around the back through the rose garden and in to the president.

In recent days, Truman has held numerous significant confabs, none listed. He has seen Joe Keenan, head of the A. F. of L. political action committee, British ambassador Lord Inverchapel, French ambassador Henri Bonnet, and various Zionist leaders including Chiam Weizmann, new president of Israel.

Some old senatorial friends also drop around to see Truman at breakfast. Others come in after breakfast, but before the press arrives. Ed Flynn has been in twice lately, unnoticed. Former Judge Sam Rosenman is again a White House regular using the east gate, as is George Allan, the old court jester.

Note—Another new favorite Truman rendezvous is the presidential yacht, The Williamsburg, where he holds stag party parties with old buddies, sometimes sleeping on board and walking back to the White House early in the morning before most people go to work.

### OLD AGE PENSIONS

At a secret powwow with congressional Democratic leaders last week, President Truman was told there was little chance of Congress approving any of his proposals to increase old-age pensions. However, the leaders advised that the people were entitled to a frank report on how old-age insurance benefits—on which millions of Americans depend for retirement security—have lagged behind higher wages and living costs. That was why Truman decided to send his message to Congress anyway.

Michigan's aggressive representative, John Dingell, an original champion of the Social Security law, summed it up bluntly: "Unless pensions are increased in ratio to higher wages, higher taxes, and higher costs, counties that have sold their poorhouse for the aged will have to re-establish them."

Dingell said it would be "actuarially sound" to increase pensions because of increased revenues from payroll taxes. He added: "Sixty million people are employed now, more than we ever dreamed of when we changed the law in 1939. We thought then that we wouldn't have that many employed until 1980."

"I want to cover as many people as practically possible," commented the president. "Also I favor high pensions, as well as benefits to disabled people."

Biggest problem, observed federal security administrator Oscar Ewing, is providing protection for casual workers, such as domestic servants and farmhands.

"We might try the stamp system they use in England," suggested Ewing.

I doubt that it would work here," remarked Truman. "It's a nuisance to employers, difficult to administer, and such casual employees frequently build up less credits for contributory pensions than they could get in an old-age assistance dole."

### ARMY-SENATE POLITICS

Private Leo Christensen was convicted by a U. S. Military Court in Japan last year for raping a Japanese woman in front of her son, deliberately running down a Japanese boy with his motorcycle, and beating up a Japanese man.

He was given the death sentence for rape, murder, and assault.

Then his parents, Mr. and Mrs. Lars Deloy Christensen of Iona, Idaho, appealed to Senator Henry Dworshak, Idaho Republican and a staunch isolationist. Dworshak succeeded in reducing the death sentence to three years hard labor and a dishonorable discharge.

Later, Dworshak went to bat again, got a parole for Christensen. He is now a free man. However, the man who raped a woman, killed a boy and beat up a civilian isn't satisfied. He now wants an honorable discharge, and Senator Dworshak has been asked to get it for him.

### FORGED EXPORT PERMITS

The Senate Small Business committee is ready to blow the lid off a fantastic racket in forged export licenses that has flourished under the nose of the Commerce Department.

## Luxurious River House To Be Remodeled

BY ROBERT C. RUARK

New York—Through the years, in the newspaper business, the cat-up-a-tree, the strayed infant and the dispossessed tenant, seated among his bales and boxes on the curb, have been sure-shot stuff for the photographers. It seems to me I've seen a thousand freed cats; half a million little boys and girls eating ice cream cones and wearing the cop's hat, and at least that many sidewalk squatters clad in brave smiles.

If the shutter-snappers will just quit playing poker in the dark-room long enough to hustle down to a place here called River House, one of these days they may be able to snare for posterity the all-time switch on the stock situation. It's as if the tree climbed the cat; the child found the lost cop.

I want to be on hand when they start evicting the tenants of River House, a 10 million buck establishment with a yacht landing. About the smallest apartment in River House boasts nine rooms, and any of the tenants with just a lousy one or two million dollars is regarded as po' white trash.

River House has just been sold. It is to be remodeled, and its 79 apartments—some of which have as many as 18 rooms—will be cut up into 170 suites. This means that the tenants are going to have to stir around for new lodgings, and eventually they'll all be forced to move even if they haven't found a fresh flop.

Yes, sir, I want to be there when the likes of Huntington Hartford, Cornelius Vanderbilt Whitney, Alston Armour, Henry Luce, Ferdinand Eberstadt, Maj. Gen. Wild Bill Donovan, Arthur Ballantine and Quent Reynolds get shoved out on the sidewalk. This, I think, would be news, and it is selfish of me to hope that all the tenants won't be able to find new homes before the deadline drops.

In the mind's eye it is easy to see a man with Cornelius Vanderbilt and Whitney, all in the same name, sitting ruefully on the curb among his hand-painted cook-stoves and 14 Louis Quinze escriptoires. What do you do with the loot from a 17-roomer, when the man says outside, we need the space, bud? They don't build the sidewalks big enough.

It seems to me that this is the story of 1943. We have adjusted the lives of the poverty-struck through social work; we watch over the orphaned child and guide the unsteady steps of the chronic alcoholic. There are missions for the fallen poor, hospitals for the fundless ill. But up to now, nobody has ever given a minute's thought to provision for the suddenly homeless millionaire, rudely ejected amidst a profusion of chippendale chairs and ming vases. It is a problem for our times. Whither the heartless rich?

# 36 Have Finished Work At Veterans Institute

Thirty six veterans of World War II have been graduated from the Escanaba Veterans Institute and 105 are in training now, Clarence F. Pearson, director of the institute at the Escanaba senior high school, announces.

Of the 105 in training now, 25 are enrolled in the on-the-farm program, 28 are apprentices and 52 are on-the-job students who attend four hours of class work each week in addition to their full-time employment.

Twenty of the 36 veterans who have completed training worked toward high school graduation certificates, and the others received on-the-job training.

The first carpenter apprentice diploma issued in the Upper Peninsula was given to Wallace Gasman, who completed two years of apprenticeship and has received a certificate from the U. S. Department of Labor, Pearson reported.

On-the-job and apprentice graduates of the local veterans' institute are Luellyn Anderson, auto parts man; Alfred Breault, appliance repairman; Francis T. Brown, shoe department manager; Robert Casey, railway station agent; Walter Palmquist, auto body bumper; Stanley Lundquist, job shop repairman; Wallace Gasman, carpenter.

Clarence Grabowski, burial vault manufacturing; Clyde Nyquist, job shop repairman; Bernard Siedl, Paul Snyder, green-house manager; Francis Trotter, auto electrician; Arthur Way, auto mechanic; Clarence Weber, business machine repairman, and Robert Gannon, furniture store manufacturing.

Those who have earned high school certificates are Kenneth Arntzen, Robert Brandt, Roy Christensen, Richard Craig, Ivan Edwards, Carl Eastman, Robert Farrell, John J. Goulet, Robert Grabowski, Allen Hendrickson, Florence Johnson, Glen Johnson, Harold LaCrosse, Marcus McCrae, Robert Morin, Marlin Moreau, Tom Peltier, Francis Pryal, Emil Roberts, Nan Sabourin and Eugene Tourangeau.

# Negaunee Man Will Marry Truman Girl

Kansas City, Mo., May 22—Miss Margaret Truman, of Independence, Mo., Sunday will become the bride of a Michigan army captain, at Shreveport, La.

But the announcement caused only a brief flurry when the word reached newspapers via the airlines which reserved passage for Miss Truman.

The bride-to-be is a nurse, not the daughter of the president of the United States.

"It couldn't be," she said. "We're Republicans, and I can't sing a note."

She will marry Capt. Warren R. Annear, of Negaunee, Mich., stationed at Barksdale Field, Shreveport.

**ENGAGED**—The betrothal of Miss Nancy I. Lewis, daughter of Charles E. Lewis, 414 S. Seventh Street, Escanaba, to William E. Burke, son of Mrs. Merrill Burke of Greendale, Wisconsin was announced Saturday night, May 22, at a formal dinner-dance held at North Hills Country Club just north of Milwaukee.

Miss Lewis attended Milwaukee-Dowd college, Lawrence college, and the University of Wisconsin. She is completing her studies in music at the Wisconsin Conservatory in Milwaukee. Her sororities are, PEO, Z Chapter of Escanaba, national educational sorority, Alpha Chi Omega, Beta Theta Chapter of Lawrence, and she has recently pledged Sigma Alpha Iota, national music sorority.

Mr. Burke attended Milwaukee State Teachers college, University of Syracuse, University of Illinois, and is now a senior at Marquette university. His fraternity is Alpha Kappa Psi, professional in commerce, at whose formal dance the young couple's engagement was revealed.

**Three City Women Will Tour Sweden In Coming Summer**

Three Escanaba women will tour Sweden and other Scandinavian countries this summer. Two of them are on the faculty of the local school system.

Helen Elaine Stenson, grade school superintendent, leaves June 19 by plane from New York; Miss Eva Flemstrom, special teacher in the junior high school, Miss Ellen Gundersen, her sister, and Miss Alida Jacobson, superintendent of Bellin Memorial hospital in Green Bay, and a former resident of Bark River, will leave New York June 18 for Sweden.

Miss Stenson, who has been affiliated with the Escanaba school system the past two years, will visit in Oslo, Norway, with her aunt and five cousins for several days after arriving June 20, and will then proceed to Karlstad, Varmland, Sweden, where she will attend the traditional Mid-Summer celebration of the Swedish people.

Miss Stenson, a native of Trout Creek and daughter of Swedish immigrants, will be the guest of six cousins, three of whom are instructors in the Swedish folk schools.

While in Karlstad the cousins will hold reunion. Miss Flemstrom, Miss Gundersen and Miss Jacobson will visit in Gottenburg, where they will arrive on the Gripsholm, in Oslo, Norway, northern Sweden, Copenhagen, Denmark and possibly Sweden. They will return to the United States aboard the new ocean liner, Stockholm, scheduled to leave Sweden August 14. The women, who will drive to New York, have been making reservations and arrangements for the past two years. They will visit in Scandinavia for two and one-half months, part of which time will be spent with relatives.

Miss Stenson, who several years ago spent a summer in Norway, will visit in Marbake, home country of the Swedish writer, Selma Lagerlof, in Dalarna, where the Swedish national costumes are especially prominent; in Stockholm with two cousins, one of whom is a librarian in the government patent office and author of several books of philosophy; in Uppsala and Lund, famous Swedish college towns; on the island of Visby, where an ancient museum, dating from pre-Columbus days, is still to be found; in Oland and along the Gota canal; in Smoland and Orrefors, the latter famous for its glass works.

From Sweden, Miss Stenson will travel to Copenhagen where she will visit for a few days. While there she plans to visit Odense, birthplace of Hans Christian Andersen, fairy tale author; and in Helsinki, or Helsinki, which Shakespeare immortalized in Hamlet.

She will later return to Sweden and visit in Goteborg, where two school teachers whom she met in Columbia university in New York. Miss Stenson will return to the United States via Scandinavian airlines, in the later part of August and will visit in Boston, Mass., and Holland, Mich., prior to returning to Escanaba for the opening of school in September.

A delicious first course can be quickly prepared by tossing fresh cooked shrimp with Russian dressing to which has been added a few dill or caraway seeds.

Many routine matters were disposed of at Monday evening's session of the city council while matters of greater moment were lightly mentioned and passed on for consideration at some future date. The session came to an end after an hour's deliberation.

Chief among the matters passed was the granting of certain improvements on the Ekberg Block on South Cedar street, the same to conform with the fire zone code.

Approval was voted of the proposal by the Manistique Light & Power Company to install four light standards at the river bridge the company to provide equipment and installation at no expense to the city.

Approved move to have City Manager James Dickson and Councilman Otto Schubring make a trip to Sault Ste. Marie to inspect certain street grading equipment offered for sale.

Ordered that the city file an open ditch traversing property of Norman St. John on North Sixth street.

Granted twenty restaurant licenses.

Authorized \$100 donation as dues to the Schoolcraft-Manistique Chamber of Commerce.

Granted renewal of milk dealer's license to Nelson Cloverland Creamery.

A letter, signed by the personnel of the city police department, asked a raise in salary to \$200 per month along with purchase by the city of their uniforms. The matter was deferred until action is taken on the city budget.

The city manager announced that the pump needed in the New Elm sewer project has been received and that work on the project is due to begin about the middle of June.

The council voted to postpone action on the smoke ordinance until the voluminous sample ordinance had been read and fully understood by the members.

The tentative budget was submitted for perusal. Action will be taken later.

The city manager stated that 12 blocks of paving are being contemplated for the season.

A large crowd of spectators was present at the session.

Germfask Woman Still  
Uses Spinning Wheel

Spinning wheels, today, are for the most part, ornaments which, like the one in the popular song are "spinning dreams of the long, long ago," but there is a rugged and picturesque one in a home near Germfask that does practical duty most every working day.

Mrs. Tennessee Brooks uses that spinning wheel to spin yarn from virgin wool which she uses to knit or crochet garments—principally socks—but when she receives special orders for them, also underwear, sweaters and other wearing apparel specially meant for winter wear.

Mrs. Brooks buys the wool as it comes from the sheep, washes it, cards it and if the customer so desires, dyes it. The garments are unbelievably soft and fluffy and do not possess that "itch" usually associated with wool worn next to the skin. Mrs. Brooks also states that wool garments, if properly made, will not shrink, even if boiled.

Mrs. Brooks sees nothing unusual about the work she does. Every girl in her native Kentucky, she says, had to know how to spin and knit and weave. But now, since it has become something of a lost art she has her hands full

taking care of orders. Last winter she knitted 24 pairs of socks and took care of other special orders; carding and spinning yarn and then knitting into that many socks is no small chore.

Knowing that many people—particularly children—have never seen work like she does performed, Mrs. Brooks has decided to come to town and demonstrate it. On Friday and Saturday, May 28 and 29, she will be at the Ford Garage where she will show how carding and spinning is done. The public is invited to come and watch her work and if any visitors are so inclined they may donate whatever they wish. The donations will be for the benefit of the Reorganized Church of Jesus Christ of the Latter Day Saints, of Germfask, of which Mrs. Brooks is an active member.

Old Cemetery Is  
Place Of Beauty  
By City Crews

Although the usual Memorial Day exercises will not be held at Lakeview cemetery this year, the city management invites the public to visit this, the city's oldest burial plot about that time.

About a year ago, the city took over the management of the cemetery at the request of the cemetery association which had managed it for about half a century. The former directors had reached the age where they felt they could not successfully cope with problems of properly caring for the place, and the city council voted to relieve them of the problem.

The place had suffered seriously from neglect in recent years. Much of it was overgrown, trees needed trimming and in some cases removal, monuments in many cases were out of alignment and some had tipped over; but the change since the city accepted their responsibility has been a noteworthy one.

The place is now neat and, with the graves decorated for the occasion, should make the place

as beautiful as it was meant to be.

A committee of veterans will also carry out the work of carrying out the Memorial day custom of putting a flag on each veteran's grave. This work has been done in the past largely through memory and in some years it was found that some of these graves had been overlooked. This year the committee, while making the rounds will chart every grave so that the work will be carried on more efficiently and with less likelihood that any grave will be forgotten.

Softball League  
Organizes - Six  
Teams To Start

Plans for the softball league for the coming season were discussed at a meeting held at the Ford Garage Saturday evening. At that time a tentative organization was formed and the following officers elected: Ted Hentschell, president; Orvie Holm, Al Helsten and T. H. Reque, directors.

Not all of the teams to make up the league were represented at the meeting, but assurance was given. The deadline for entries was set at June 5. Each team entering must pay a fee of \$6 which will go toward a trophy and medals for individual members of the winning team.

According to present plans the number of games to be played this season, each team to be given an opportunity to play two games per week, the games will be scheduled Monday through Thursday.

The field is now ready for practice and a number of improvements will be made, the chief one of which will be improvement to the backstop. Games will be played on the fairgrounds park.

PLANS CLINICChildren Of Pre-School  
Age To Get Checkup

A pre-school clinic, for children who are to begin school next fall, will be held at the Lincoln school next Thursday between the hours of 12:30 and 2:30 p. m.

Dr. George Shaw and Dr. Merie Wehner will have charge of the clinic and all children of the Riverside and Lincoln school district are eligible for this checkup which, of course, will be free of charge.

This clinic, it should be understood, is for a physical checkup of the youngsters and is not held for the purpose of administering vaccination and immunization. The clinic for those purposes was held about two weeks ago.

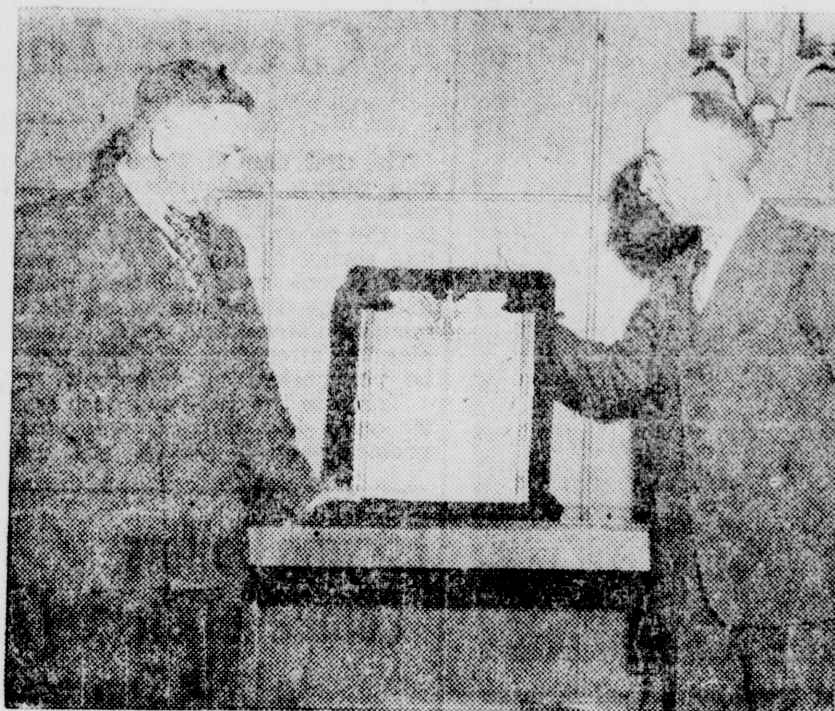

The Lincoln-Riverside PTA is sponsoring the clinic and is making a house-to-house canvass of the district as an inducement to parents to make use of this service.

He is a native of Flint where he attended Flint Central high school. He is a veteran of World War II, serving more than three years in the U. S. Navy with which he saw service in the North Atlantic, Caribbean and Pacific theatres. He had a rating of Quartermaster First Class at the time of separation.

His arrival in Gladstone brings the local post to full strength, seven troopers and commanding officer.

Sgt. Willard W. Wixom heads the local post and the other troopers are Robert Leonard, George Strong, Arne Maki, Ray Anderson, Joseph Svoke and Bill Scimanna.

1,600 Brook Trout  
Planted In County

Sixteen hundred legal size brook trout were planted in streams of Delta county the past weekend by the Fisheries Division of the Michigan Conservation Department.

Assisting conservation men were a group of members of the Minnecan Sportsmen's association.

According to the conservation department the trout were scheduled for planting in the Days River, Chippewy and Haymeadow Creeks.

A second planting of rainbow and brown trout is to be made in other streams of the county late in July.

One of the aims of the local sports club is to obtain stocking of local streams and waters with game fish.

Homemaking Class  
Gives Fine Dinner

Mrs. Rose Breitenbach, Mrs. M. J. Neveaux and Miss Mable Harris were guests of the Homemaking 3 girls of Gladstone high school at a dinner last Thursday noon in the Homemaking rooms. Members of the class are seniors.

The dinner was carefully prepared and neatly served without conflicting with other classes the girls attended during the day.

The guests complimented the girls on their work and were enthusiastic in praising the results attained by Marguerite LaMotte, the Home Making teacher.

Later in the day the Home Making 3 girls arranged a place exhibit for the open house which was held Thursday evening.

Sohlberg Tells Of  
Swedish Centennial

Chicago with a population of over 250,000 Swedes is the second largest Swedish city in the world. A. T. Sohlberg told Rotarians at their regular weekly luncheon meeting at the Yacht club. In addition statistics reveal sixty per cent of Chicago was built by workmen of Swedish descent.

The centennial of the Swedish Pioneers is to be celebrated this summer.

Locally the celebration will be held in Escanaba on June 15.

The first Swedish immigrants came to the Upper Peninsula and to Ishpeming about the final year of the Civil War, the speaker said. The first permanent Swedish farming settlement was at Wallace and they branched out from there.

Contributions of the Swedish people to American industry, culture and science have been considerable, Mr. Sohlberg declared.

With the official Swedish delegation visiting the Upper Peninsula and Delta county will be Axel Gjores, minister of commerce, and Bertil Kugelberg, chairman of the Swedish employers association.

# Hal Recovers From Early Trouble To Tip Nats, 5-2

Detroit, May 25 (AP)—Hal Newhouse had further evidence today that he can pitch his way past trouble in the early innings. Tagged for base-hits by four of the first six men who faced him yesterday in his eighth start of the season, Newhouse settled down to hurl masterful three-hits to the rest of the way as the Detroit Tigers clipped the Washington Senators 5 to 2.

After Hal got his feet on the ground and the Tigers recovered with enough runs to overcome Washington's early 2-0 jump it was strictly no contest.

Third for Hal Newhouse, taking his third victory and second in a row, permitted just six Senators to reach safely in the last eight innings and only two to touch second. Gaining speed and brilliance as he went along, Hal retired 17 of the last 18 batters to settle for a seven-hit performance.

The issue never was in real doubt after first baseman Paulie Campbell tripled with the bases loaded in the first inning to give the Tigers a lead they never relinquished.

Campbell, pressed into service at first base a day earlier when Rookie George Vico went out of the lineup with a stomach disorder, couldn't have delivered a more timely lick than the one that enabled the Tigers to break even in two games with the Nats. It was the Bengals' fifth decision in their last seven at home.

Detroit trailed by two runs coming to bat for the first time and Neil Berry's single, plus walks to Pat Mullin and Vic Wertz loaded the bases with two men out.

Swift Hitting .305 Campbell then sent Early Winn to a sudden defeat by slamming a fat pitch between right and center field for three bases and three runs.

That actually was all it took, but Mullin stretched his hitting streak to 11 straight games and hastened Winn's departure in the third by smashing his fifth home run over the right field screen and the Tigers picked up another tally off Forrest Thompson, fourth Washington pitcher, in the seventh.

The last one came without a hit as Thompson walked three men in a row to load the bases and Berry trotted over the plate after Wertz's long fly to deep center.

Pop-ups: Freddie Hutchinson was in line to pitch the opener of Detroit's two-game series with the third place New York Yankees today. The Yanks named Vic Raschi, who already had pitched the Tigers once. Even by sweeping the two-game set, the Tigers can't displace the Yanks in third, since they're three games away. Bob Swift became the Tigers' fifth 300-hitter yesterday by getting two singles in three official trips and lifting his average to .305.

George Kell, whose wrist was broken by one of Raschi's pitches in his recovery program by taking batting and throwing practice yesterday. Kell may be back in the Tiger lineup before next weekend.

"It Seems To Me"

BY JIM WARD

Regardless of what team rules the favorite's roost in the U. P. high school track and field meet here Saturday, the factor that keeps the interest of track fans keyed up is individual competition.

In this, they shall not be disappointed when they come to Escanaba next Saturday. So many interesting races are shaping up that the finish judges are beginning to sharpen their orbs so they can handle the many expected photo finishes.

Take the century, for instance. Mike Shatusky won in 10.7 at Menominee and has done better. He was inches ahead of Escanaba's Herb Nicholson. At Marquette last Saturday, Charley Borsum, Newberry, won the 100 in 10.5, and Marquette and Soo have some boys capable of pushing these stars to the utmost. Ron Nettell, Houghton, turned a 10.4 century and 22.7 furlong for Class C records at Houghton last Saturday. It'll be a treat to see him in action. If he scampers like that here this week, he'll outshine the Class B dash men.

Borsum ran a 24-5 furlong, compared with Shatusky's 23.7 at Menominee—again with Nicholson right at his heels. Matt Nikkari ran a 54-5 quarter mile to win for Newberry at Marquette Saturday. At the same time, Jim Farrington, Kingsford, was running a 55.7 at Menominee, but the Maroons' Jack Anderson may make things tough this time. Eskymo quarter milers, incidentally, were Henry Wylie's biggest disappointment in the district meet at Menominee. He was much pleased with Don Martineau's second in the 880, however.

The hurdles race will be as close as the dashes. Paul Gustafson, Marquette, would appear to have the inside track after his 16 flat in the highs in the Marquette district last Saturday, but Dick Wall, whose time was 17 at Menominee, has a 16.3 to his credit in the triangular meet, and Sault Ste. Marie's Keith Ewing turned in a 16.5 to win the high sticks event in the Manistique invitational. Ed Baker, Escanaba, second to Wall last Saturday, is an outside threat.

Incidentally, Paul Gustafson's 16 flat in the highs is a new U. P. record. In winning the lows at Marquette, Keith Ewing turned in a 24.6, which ties the U. P. record set by Escanaba's Jack Peterson in the U. P. finals here last spring. George Shomin, of Escanaba, held the U. P. high hurdles record of 16.1, established in 1942.

The Menominee district appears to have the edge in the mile with such stars as Bill Tappen, Menominee, and Bob Ostrom, Escanaba. Tappen won the mile last Saturday in 4:56.4. The winning time of Ishpeming's King in Marquette was 4:59.2.

Here are the comparative winning marks in field events: Shot put—Pederson, Marquette, 41 feet 8 1/2 inches; Dick Semke, Menominee, 42 feet 9 inches. . . . High jump—Roe, Soo, 5 feet 8 inches; Mike Shatusky, Menominee, 5 feet 5 inches. . . . Broad jump—Deegan, Marquette, 18 feet 9 inches; Shatusky, 20 feet 6 inches. . . . Pole vault—Staley, Soo, 10 feet 4 inches; Bill Pontow, Menominee, 11 feet.

Comparative relay times between the Menominee and Marquette district meets are: Medley—Newberry, 2:45.7, and Escanaba, 2:49.1 (a matter which concerns Steve Baltic greatly this week as he primes his undefeated Eskymo medley relay team for the U. P. finals), and 880 relay—Newberry, 1:40.1; Menominee, 1:39.9. . . . Only two-tenths of a second difference in the latter. . . . All of which promises a hot duel here Saturday.

Here's how they finished in the Baraga district meet: Class C—Houghton 58 1/2; L'Anse 28; Baraga 14 1/2; Hancock 14 and Lake Linden 2. . . . We'll take a look at the Ironwood district tomorrow.

## Baseball Stars Of Yesterday

Freely Spoiled It (By The Associated Press)

It remained for a veteran of 13 years in the Major Leagues to spoil a no-hit pitching effort in the American Association Monday night. The villain was Lonnie Frey, now with Minneapolis. He did his work as a pinch hitter against Louisville's Jack Griffire in the last inning. With one out, Griffire had one ball and two strikes on Frey when the veteran clubbed a clean single in the ninth. Griffire retired the next man and then Len Schulte got the second Miller hit. That was all, and Louisville won 4-0.

Today a year ago—Bobby Locke won the Philadelphia Inquirer \$15,000 open golf tournament with a 72-hole total of 277.

Five years ago—Dr. Edward S. Elliott, director of athletics at Columbia University, retired.

## SOFTBALL

### PAPER MILL UPSET

Ernie Vanierbergh pitched the Delta Hardware to an upset victory over the Paper Mill, 3-1, in their Escanaba Softball association opener last night. Paul Larson hurled for the Mills. Ed Fish hit a home run with one on in the first inning to put the Hardware in front.

### K-Cs BREAK LOOSE

The Knights of Columbus broke up the ball game with a seven-run spurge in the top of the tenth to turn what had been a tight ball game into a rout last night. It was a 10-3 triumph over DeGrand in another opening game. The K-Cs banged nine hits to five for DeGrand. Batteries: K-C—LaCroix and Lequia; DeGrand—Fitzpatrick and Dickey.

### WOLVERINES' TIP HARNIES

In a regular National League game last night, the Wolverines defeated Harnischfeger, 12-5. Carlson, of the Wolverines, led the attack with a triple and two doubles in three times at bat. Batteries: Wolverines—Sullivan and Laviolette; Harnies—Redstrom and Dugener.

### TOMLINSONS WIN 7-6

The Hughes-Tomlinson's in a National League game at the dock diamond in North Escanaba last night defeated the Northland Grocers 7 to 6.

### Big Nine Champions Favored to Repeat In 1948 Track Meet

Madison, Wis., May 25 (AP)—The heads that wear the crowns should rest fairly easily this week end in the 48th annual running of the Western Conference Track meet here.

Seven defending champions will be back in eight events and all but two of them are favored to repeat on the basis of performances in earlier meets this year.

Likely casualties are Bill Porter of Northwestern, who won both hurdles events on his home track a year ago, and Tom Bennett of Wisconsin, who shared in a three-way tie for the pole vault title.

Successful title defenders should include Don Gehrmann of Wisconsin in the mile; Charles Penville and Herb Barten of Michigan in the shot and half mile, respectively; Fortune Gor-

THESE LEFT-HANDERS ARE RIGHT — Southpaws Al Brazle, Harry Brecheen and Howie Pollet, left to right, give the Cardinals, last in batting, early foot in the National

League race. The Cat Brecheen turned in three shutouts winning his first four, had 32 consecutive scoreless innings, narrowly missed loop's first perfect game in 68 years.

## Dodgers Escape Cellar With 9-4 Win Over Reds

By Joe Reichler Associated Press Sports Writer

The Brooklyn Dodgers were enjoying a new experience today. They were riding high, wide and handsome on a one-game winning streak. The man responsible for Brooklyn's first success since May 13 was Southpaw Preacher Roe. The Brooks had dropped eight straight to fall into the National league basement.

## Cooks High School Nine Nips 'Stique Legion Team, 3-2

Cooks, May 25—A run in the last of the eighth enabled Cooks high school nine to nip the Manistique American Legion juniors, 3-2, here Sunday evening. Three errors hurt the 'Stique juniors as the Cooks crew came through with errorless ball.

Bouchard, Cooks hurler, gave up only three hits. John went the route for Manistique and allowed five hits.

Tied at one-all, Cooks went ahead, 2-1, in the last of the fifth. Manistique tied it up again at 2-2 in the top of the seventh, and Cooks pushed across the winning run in the last of the eighth.

## Hogan And Turnesa Battle Today For PGA Championship

St. Louis, May 25 (AP)—Firing against the great Ben Hogan of Hershey, Pa., today for the championship prize of \$3,500 in the 20th Professional Golfers Association tournament was Mike Turnesa of White Plains, N. Y.

Mike was continuing a Turnesa tradition—three times now one of the seven Turnesa brothers have gone into the finals of the PGA.

On the basis of past tournament performances, Hogan figured to win rather handily today, but Mike was shooting a few extra licks for two of his brothers—Joe and Jim, the Turnesa's who failed to win the PGA after reaching the finals in 1927 and 1942, respectively.

Mike, who'll be 40 years old next month and is son number 4 in the Turnesa brood, got into the finals by upsetting Masters Champion Claude Harmon, of Mamaroneck, N. Y., 1-up in a rugged 73-hole match yesterday.

Hogan, born in Dublin, Tex., thirty-five seasons ago, advanced to the finals over Jimmy Demaret, of Ojai, Calif., 2 to 1.

Turnesa, trailing by two holes after the twenty-seventh, stuck to the task and caught up at number 35 when Harmon drove into a trap and went one over par. Mike continued steady all the way and won out on the thirty-seventh.

Hogan, well up most of the way, clinched his victory with a sensational putt at the thirty-fourth green. There he angled one for 20 feet on a sloping green, sneaking it into the back of the cup.

Hogan played 183 holes of golf in 26 strokes under par in advancing to the finals. Turnesa was 16 strokes under par for 177 holes.

## Hot Pitching Duel As Flint Wins, 1-0

(By The Associated Press)

The hottest pitching duel of the month-old Central Baseball league campaign was put on for one of the year's smallest crowds last night at Flint, where only 845 fans turned out in chilly weather to see the league-leading Flint Arrows nip Dayton 1 to 0.

With Ken Rogers, Boston Red Sox farm-hand, hurling a three-hitter for his fifth victory and Dayton's Bill Morgan yielding only five hits, Flint squeezed out the game's only run in the eighth inning.
